TALLOWOOD STEINER SCHOOL: ACADEMIC, BALANCED, CREATIVE.

ENROLLING NOW

Kindergarten to Year 6 - 2012/13

Tallowood Steiner School's educational situation is unique, and the application of the Steiner curriculum developed at Tallowood is responsive to the context of a small country school with mixed aged classes.

At Tallowood Steiner School curriculum units are taught in theme block lessons, where a subject is studied in depth for a three week period.

This practice unifies and integrates all curriculum areas, and art and music are embedded in each day's learning.

Each unit of study is taught in line with NSW Board of Studies requirements.

Italian classes are taught weekly by our dynamic and creative LOTE teacher; Craft and Woodwork lessons are also taught weekly as part of our integrated educational program.

Learning difficulties are assisted through small classes and individual attention to each student.

Tallowood is committed to offering an affordable education, which is accessible to everyone, regardless of income.

Tallowood Steiner School welcomes visits by prospective parents during school hours. Please contact the Principal Sue Moran on 6564 7224 to arrange a visit. We welcome your enquiry!

Now also offering a Steiner-based

PLAYGROUP

Every Wednesday from 9.30 to 11.30 (except school holidays)
