*Nurturing For Today, Equipping For Tomorrow*

# Who We Are

Established in 1981 Cedars Christian College is a vibrant and growing learning community of over 620 students in Prep to Year 12. Cedars prides itself on leading the way in quality, affordable Christian education. At Cedars we recognise the importance of authentic care for the positive development of our students. Our motto: "Nurturing For Today, Equipping For Tomorrow" reflects the significance of this care for the future success of our children.

Our College is divided into three sub schools providing a safe, enjoyable environment for our younger children as they grow and develop, with strong leadership, mentoring programs and academic support for our older students.

## Nurturing And Equipping

At Cedars Christian College we want our students to enjoy their school years and educational journey. Our goal is to support each student as individuals, inspiring hope and providing a deep understanding of the reality of God's love.

We provide the leadership and vision to see our students realise their full potential as individuals and we seek to equip them to make a positive change to their world.

We promote an authentic faith in Christ which underpins our teaching and learning programs. We encourage students, teachers and parents to be active learners together. We seek to provide a strong sense of community that gives a safe and nurturing environment for our children.

## Junior School

Prep to Year 4 sets the foundation with an excellent educational program as each student is encouraged to develop a love of learning.

## Middle School

Students in Years 5 – 8 enjoy a smooth transition between primary and secondary education. They are gradually introduced to specialist teachers who take into account the needs and interests of young adolescents.

## Senior College

Our Senior College provides strong academic leadership for students in years 9 - 12, and is designed to meet their educational, vocational, emotional and spiritual needs. Students are trained to become independent learners and are offered a wide range of electives and training courses.
