

MOUNT ANNAN CHRISTIAN COLLEGE

NURTURED FOR LIFE | PREPARED FOR PURPOSE

LIFELONG LEARNING

We approach learning as an exciting lifelong adventure. We enjoy learning from and with each other. We learn about the world with passion and curiosity.

RESPECT

Respect is a fundamental value that we purpose to model to our students. Being respectful is to display obedience, empathy, courtesy, integrity, modesty, humility. It encompasses showing respect towards God, parents, the elderly, government, peers, ourselves and the environment. Our hope is that respect will also have love added.

Respect then moves to the higher value of honour.

INNOVATION & CREATIVITY

We embrace innovation and creativity as our response to constant change. We give each other the freedom to develop new ideas, refine them through trial and error, and apply them to current and future challenges.

VALUES

MACC is committed
to the core values of:

MISSION & SERVICE

We make a positive difference to those around us by reflecting the love of Christ and communicating the truth of His gospel.

We are all encouraged to respond to others' needs by serving locally, nationally and internationally.

FAIRNESS & COMPASSION

We are called to be true to Jesus Christ, each other and ourselves. We strive to be a safe, unified, caring community. We treat each other as we would like to be treated – with dignity, honesty and grace.

DILIGENCE & DISCIPLINE

We work together to ensure everyone's success. We pursue excellence with commitment and perseverance. We respect rules and boundaries because we care for each other.

Headmasters Welcome

MR GABI KOROCZ

The vision of Mount Annan Christian College is to provide a Christ-centred learning environment that **empowers each individual to enjoy a life of purpose.**

The College has been serving the wider community of Macarthur since 1999 and continues to have a strong vision and desire to work in partnership with local families who are looking to provide a quality Christian educational experience with great values and discipline set in one of the most peaceful and idyllic locations in the whole Region.

The College is known for its high quality pastoral care and proven educational and support programs that come with a creative and innovative edge. It has designed its Strategic Educational Plan (viewable on website) to cater for student needs in a fast-paced, ever-changing educational and technological environment. The subject offerings of our College are considerable and the extra-curricular opportunities are extensive. I highly recommend all families consider participating in the personalized, educational Prep program, as it is without doubt the best start to an educational journey you could ever want for your child.

I encourage you to contact one of our friendly team members and make a time to come and have a look at Mount Annan Christian College for yourself.

Prep at MACC

HEAD OF PRIMARY
MRS DEBBIE POPE

Preparing a child for life involves close nurturing, care, attention and intentional development, particularly in their early years. Our Prep program at MACC is well known for providing a caring, nurturing environment with an age and stage appropriate pedagogical approach to develop each child's learning potential.

Our Prep program is well integrated into the College life, being part of the MACC Primary umbrella which allows the children to be involved in the College's special events. This includes assemblies, book parades, sport days and whole school church times. Within these functions the children experience being part of the College, they meet their future teachers and mix with children of different ages and abilities.

The Prep program is designed by specialist teachers to provide a comprehensive preparation for the children's transition into Kindergarten.

With its unique structured learning program students are equipped with the skills and confidence to find success in their first year of schooling.

Within an exciting, fun and hands on program, opportunities to participate in formal pre-reading, pre-writing and pre-number lessons are taught by caring, fully trained professional teachers. Time is also spent developing good social and behavioral skills in readiness for school.

Our Prep class operates Monday to Friday during term time, in normal school hours. Families can choose which days they would like to attend.

All children enrolling in our Prep class must turn 4 by 31st May in the year of their enrolment. For more information please request a Prep information booklet.

Primary at MACC

HEAD OF PRIMARY
MRS DEBBIE POPE

Our Primary program at MACC caters for students in Grades K-6. Dedicated and experienced staff enjoy a strong reputation for providing quality educational programs in a nurturing, safe and positive environment. Our Pastoral care is focused on shaping a personalised learning approach to meet the needs of each individual child. We place a high value on nurturing each individual's spiritual and social development to maximise learning potential.

We are passionate about seeing our students work towards achieving their personal best in all areas of school life and beyond.

The strong Pastoral care program enhances an outstanding academic program taught through the key learning areas of English, Mathematics, Science and Technology, History, Geography, Creative and Practical Arts and Personal Development, Health and Physical Education.

We utilise a range of innovative teaching practices designed to ensure our students are able to work at their individual achievement levels, particularly in the areas of Literacy and Numeracy. We have developed an approach to goal setting which empowers our young learners to understand what they are doing well and identify how they can continue to grow even further.

A commitment to Project Based learning, as well as a focus on STEM subjects, through our Tinkertime initiative in our early years has ensured our students have the opportunity to develop and express their creativity, whilst developing their inquisitiveness about the world around them.

Primary Extra Curricular

There are many additional activities that your child can be involved in beyond the school day at MACC. These are a few of the exciting current offerings!

- Junior Dance Troupe
- Worship & Performance Choirs
- Spotlight Junior Drama Group
- Primary Beginner and Intermediate Band Program
- Music Tuition
- Tinker Plus (Science, Technology, Engineering and Maths)
- Junior Oz Tag Team
- Milo Inter Cricket
- Maths, Science, English Competitions
- Maths Olympiad
- IPSSO Sport Competition

Supported Transitions

Here at MACC we understand that the journey into Kindergarten and Year 7 might be a little daunting. For that reason we have developed an 'Immersion Day' program that runs the year before starting Kindergarten and Year 7 to help with a smoother transition. These programs are available for families who are looking at joining the College to attend. For more information please have a look at our website or contact the College.

Secondary at MACC

HEAD OF SECONDARY
MR MARK CAMILLERI

3

Our Secondary Program at MACC is focused on providing students in Grades 7 - 12 with strong academic programs, and equipping students to succeed in the changing world. Our Secondary Program is designed to help students achieve their best results and outcomes in education and extra-curricular areas.

Students are given opportunities to expand their horizons and are encouraged to take responsibility for their own learning and for the welfare of others. Secondary also provides students with appropriate leadership opportunities across a range of areas - in the academic and sporting arenas, in community service, in artistic, musical and movement expression and in College service.

Secondary Subjects

Year 7-12

Students have a broad range of subjects to choose from in Stage 5 – Year 9 & 10 and Stage 6 – Year 11 & 12, and are supported and guided by qualified, dedicated and passionate staff. Courses are interesting, rigorous and challenging. With the support of the Careers Advisor, Stage Advisors, Heads of Faculty and academic staff, students are encouraged to examine their goals and aspirations, their strengths, their passions and the requirements for further learning beyond College years. **For a more in depth explanation of subject choices please contact the College.**

Subject Snapshot

STEM_ed is an initiative designed to combine the study of science, technology and mathematics. We believe strongly that we are preparing today's students for tomorrow's world by sculpting students to succeed in tomorrow's workforce. STEM_ed skills are recognised of increased importance for the jobs of the future.

Agriculture at MACC allows students to develop knowledge and understanding of the interaction between the components of agriculture and scientific principles. MACC is host to multiple different animals and gardens that encourage sustainable practice.

Design and Technology has a unique focus on creativity, innovation and the successful implementation of innovative ideas. Students will investigate the importance of evaluation, the role of computer-based technologies, management, communication and collaborative design, as well as exploring current and emerging technologies. Through the completion of quality design projects, students are provided with the opportunity to develop specific production and manufacturing skills.

How to Enrol

1

Enquire

We want to hear from you! If you have any enquires about Mount Annan Christian College please don't hesitate to contact us.

2

Application Form

In order to begin the formal enrolment process you will need to fill out the required documentation in our enrolment booklet and pay a registration fee. The enrolment booklet can be downloaded online, emailed to you or picked up from reception.

3

Interview

Upon confirmation of payment, the College will contact you to organise an enrolment interview. This interview will be with the parents / guardians, the child and the Head of School.

4

Accept an Offer

Once the interview process is completed, an 'Offer of Enrolment' will be mailed to you. If you choose to accept this offer an Enrolment Fee of \$790 will need to be paid prior to commencement at the College.
