AT STANNIES

STANNIES has been caring for Boarders and their families for 149 years. Stannies staff work with the young men coming to Boarding for the first time and their parents and families, to make the experience a rewarding and memorable one.

Boarding at Stannies provides the opportunity for a balanced academic, spiritual, sporting, and social experience and the chance to make friends for life.

As part of the communication process, Stannies provides parents and students with 'Edumate', a web-based, password secure facility, that allows parents to access their son's academic progress. Families can check set homework, upcoming assignments and assessments and the results for these as they become available.

Parents and Staff regularly communicate through email and the College provides a number of publications including a Weekly Newsletter, Term Activity Reports and the annual Echoes magazine. Staff in the Boarding House are available throughout Boarding times through a dedicated mobile phone service.

Stannies staff visit Boarding families in NSW country regions each year.
