

Welcome **to Ormiston College**

To be entrusted with your child's future is an honour we do not take lightly. We will guide, support and inspire them. We will encourage them to aim high while keeping their feet firmly on the ground. And we will build a sense of belonging while teaching them to fly away. At Ormiston College, we will light the way and ensure that it is filled with many memorable moments.

COLLEGE**

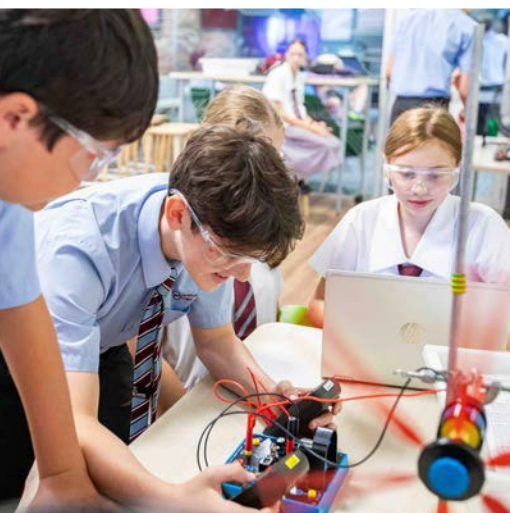

Junior School

Prep to Year 6

Our Junior School develops transferable skills and knowledge in a nurturing environment that promotes curiosity, problem solving, creative thinking, and informed decision making.

Our outstanding resources and quality curriculum provide students with a firm grasp on core education skills, as well as experience with art, languages, technology, music and drama, science, library research and physical education. Both Prep and Junior School provide students with a firm academic foundation through a supportive private education environment and gives them the grounding to become confident, and independent young adults.

Middle School

Year 7 to Year 9

To ensure solid academic and cultural foundations, Ormiston College offers a Middle School program for Year 7, Year 8 and Year 9.

This program allows for a seamless transition from primary school, while recognising the different developmental needs of early adolescents. Middle School is a time of developing personal identity, along with discovering talents and aptitudes. Our program is designed to identify and nurture the strengths of each student, while positively guiding and influencing their character.

Senior School

Year 10 to Year 12

Through our Secondary School program, each student's unique interests and talents are nurtured through our comprehensive, challenging, and successful curriculum that prepares students for life beyond school.

Our graduates have a history of significant academic, cultural, and sporting success, with more than 95% of senior students gaining entry to university or other tertiary institutions in Queensland, interstate and overseas.

A unique focus on Wellbeing

Ormiston College has a strong culture of wellbeing which is underpinned by our unique, whole school wellbeing framework. We know there are strong links between student learning and wellbeing, and we pride ourselves on being a safe, supportive, inclusive and connected school where the wellbeing of our students remains at the forefront.

Spark Passion Beyond the classroom

While strong academic performance is important, we believe an individual's social skills and self-confidence are just as vital for success. As your child progresses through our college, an incredibly diverse and challenging range of co-curricular activities open up to them and we encourage students to take part in as many courses, cultural activities and sporting pursuits as possible.

STATE-OF-THE-ART FACILITIES

MORE THAN A SCHOOL, A COMMUNITY

Enrolment Opportunities

Ormiston College offers an exceptional curriculum from Prep to Year 12 with three major intake levels commencing at the beginning of the academic year in Prep, Year 5 and Year 7.

These intake levels coincide with critical developmental and educational points within a child's school life. Naturally, families may move suburbs, states or countries, or their child may not be achieving at his or her current school, prompting parents to make enrolment enquiries outside the key intake levels. Subject to availability, the College is open to applications for other year levels and timeframes.

Scholarship Opportunities

Ormiston College offers scholarships for academic and general (music/sporting/cultural) excellence for the Year 7 intake level.

Discretionary scholarships are also offered to new entry students in Year 8 to Year 12 demonstrating academic excellence or general excellence (music/sporting/cultural). Applications are invited at any time during the course of the academic year.
