

Why North Lake?

Benefit from a unique, personalised teaching approach with a strong commitment to student care and outcomes.

A learning environment that's just a bit more 'grown up'. This means no bells, no uniforms and being treated like a young adult.

Partnerships are at the core of our approach. We partner with you and our industry contacts to design a pathway that will help you to reach your goal.

Start your future now.

Our Pathways

Mainstream Year 11 and 12

With a focus on flexibility, students at our Kardinya campus graduate with an education that opens doors. Programs include.

- A choice of WACE pathways at ATAR, General and Foundation levels
- Curtin UniReady pathways
- Specialised and regular Vocational Education and Training (VET) pathways

Mainstream
Year 11 & 12

Intensive
English Centre

Fast Track

Fremantle Fast Track

Are you 16-18 and finding mainstream schooling not working for you? Fast Track's program is a nurturing environment that may be the perfect fit.

With a focus on personalised learning in a nurturing environment, Fast Track offers specialised learning programs, including modified Year 10 and 11 programs, programs in Life Skills and Preparation for Employment, TAFE certificates and school-based traineeship support.

Intensive English Centre

Are you 16-20, new to Australia and want to learn English? Our Intensive English Centre (IEC) provides specialised education to newly arrived students whose exposure to English is limited or in need of further development. Small, specialised classes over three stages assist students to transition into either mainstream schooling or other educational or employment pathways.

From the Principal

I warmly welcome your interest in North Lake Senior Campus (NLSC), a public school in Perth's southern suburbs. With a highly diverse student cohort and personalised teaching approach, NLSC is an educational option like no other.

We have a strong focus on pastoral care and provide a nurturing environment. We live by our core values of respect, care, empowerment and flexibility in everything we do. This means we don't just offer one way to achieve your schooling goals. We provide personalised pathways, whether they be achieving a competitive ATAR or an alternate pathway to university, completing a TAFE qualification, or attaining a WACE certificate to progress to training or employment. We have the pathway for you.
